### IMPORTANT

*Terms and Conditions:* Early withdrawal from deposit accounts is at UBL UK's discretion and may result in a reduction in the expected profit.

For Fixed Deposit products, expected profit rates remain fixed for the term of the investment once the account has been funded.

For accounts not yet funded expected profit rates may change. It is the customer's responsibility to complete the required documentation and fund the account within 7 days of application.

If the bank decides to change the expected profit rates, the rate you applied for will only be valid for 7 days from the date you submit your application. All rates are applicable from the date stated above.

### Definitions:

**Mudaraba:** Mudaraba is a partnership in which one party provides the capital and the other party provides the expertise. The capital provider is called "Rabb-al mal" and the expert is called "Mudarib". The Mudarib deploys the Rabb-al mal's money to generate profit which is not guaranteed. The actual profit generated by the Mudarib is shared between both parties according to a pre-agreed ratio.

It is a Sharia'a requirement that the mechanism for distributing profit must be clearly known in a manner that eliminates uncertainty and any possibility of dispute.
